

14" Stainless Steel i5 Touch Panel PC

14" Stainless Steel Touch Panel PC with Intel® i5 Processor

This compact yet powerful 14" panel PC is built for harsh industrial environments such as food production, processing, and cleanroom settings.

It features a Full HD 1920x1080 resolution, 250cd/m² brightness, and a wide 178° viewing angle for crisp, clear visuals in any lighting.

The 10-point PCAP touchscreen uses a tough 3mm glass with Ilitek technology, offering smooth and accurate multi-touch input—even when wearing gloves.

Powered by an Intel® i5-1135G7 processor, 8GB RAM, and a 128GB SSD, it runs Windows 11 Pro for reliable, secure operation.

Designed for demanding applications, it offers a fanless design, ≥6H hardened glass, and a 100x100mm VESA mount for easy installation.

With Wi-Fi, Bluetooth, USB, HDMI, and RS232 ports, it delivers robust connectivity in environments where hygiene, durability, and performance are critical.

LCD Panel	Details
Size	14 inch
Active Area	310(H) × 175(V)mm
Screen Max Res	1920x1080
Pixel Pitch	0.1611×0.1611 mm(H×V)
